

EMPLOYMENT OPPORTUNITY

Welder/Fitter Position Summary

Compensation: **Hourly/D.O.E.**

American Alloy LLC is a fast-paced, growth-oriented precision metal fabricating company in search of welders with fitting/fabricating experience. Qualified individuals will be able to read blueprints, use measuring equipment, fit and weld small to large assemblies precisely. It is suggested that you have at least 5 yrs. experience with a diverse knowledge of flux-core and hard wire processes as well as WABO and/or AWS certification. This position requires lifting, bending and standing for long periods, the use of power hand tools and equipment as well as power material handling equipment and overhead cranes.

American Alloy offers a drug-free work environment with a great benefits package. Benefits include medical, dental, vision, 401K, and profit sharing as well as competitive wages and a friendly work atmosphere. All job candidates must pass a pre-employment drug screening as well as a background check.

To apply for this position, email a cover letter, resume and/or completed employment application to humanresources@american-alloy.com. No phone calls please.
